## Experience

**MINDBODY Inc. | QA Technician I | Austin, TX** **April 2018 - Present**

- Performed manual testing of Stripe integration, with a focus on the frontend, reporting over 30 bugs within two sprints
- Created test cases and test plans for frontend bug fixes for the core product, acted as main frontend QA
- Performed API research using SoapUI for product owner and UX designer

**MINDBODY Inc. | Branded Product Coordinator | Austin, TX** **Sept 2016 – April 2018**

- Designed, built, and managed 5 demo websites on various platforms (WordPress, Squarespace, Weebly, Wix) and 3 demo Facebook pages
- Resolved CSS conflicts and restyled products for escalated clients
- Installed custom HTML elements and JavaScript onto over 30 CMS/website builders
- Coordinated transition after HealCode LLC (previous employer) was acquired by MINDBODY

## Education

**React Nanodegree** | Udacity **July 2018**  
**Bachelor of Science in Physics** | Austin Peay State University **May 2012**
